TO LET—Furnished rooms at 874 King St. 2326-4f

ROTTEN CANNED FOOD

DISCOVERED AND DESTROYED BY COMMISSIONER SHOREY

POOR MILK LIST—FOR APRIL IS A LONG ONE—IN REGARD TO THE SALE OF POISONS.

E. C. Shorey, Food Commissioner, in his report for April, gives the analyses of 92 sample of milk found up to or above standard.

Samples found below standard were obtained from the sources here noted: S. Nobriga, 3 samples; Noyo for A. Lopes; V. Sousa, 3 samples; Tavares, Kapena, Jacinto for Moano Ranch, 1 sample each; Jap. for G. Holt, 2 samples; Marquis for Vivas, 2 samples; A. Ludloff, D. de Costa, Owl Lunch Room, Fashion Restaurant, 1 sample each; private complaint, 2 samples.

A considerable portion of the month was spent in work outside the laboratory: inspection of grocery stores, etc., the Commissioner says: The only food samples other than milk examined being one sample of cheese and one sample of chocolate candy, no adulteration being found, and eleven samples of miscellaneous canned groceries taken from auction rooms. In the latter case all were found to be more or less decomposed and the lot from which samples were taken, 519 tins in all, was condemned and destroyed. The collection included salmon, oysters, clams, condensed milk, mushrooms and asparagus.

Many complaints having been made to me regarding the indiscriminate sale of such poisons as morphine and cocaine by Japanese druggists I made some investigation of the matter and succeeded in making a purchase of cocaine hydrochloride from Y. Ishii, Nuuanu street, the same being delivered to me without a poison label and without any inquiry being made as to use to be made of it or any registration of the sale.

My first intention in the matter was to make complaint for violation of Act 34, Session Laws, 1928, sale of adulterated drug as described in Sec. 3 (a) (4) but I found that Chapter 88, Penal Laws, was much more specific regarding the sale of poisons and thought it best to charge under that Chapter. The defendant was fined \$250 and has appealed.

Work for other departments of the government was as follows: One analysis of stomach contents for police department; ten tests of kerosene for flashing point and three tests of crude petroleum for flashing point for Department of Public Works.

A bill covering the amendments to the food and drug bill approved by the Board was passed by the Legislature and approved by the Governor, April 28th.

A "KIPLING EVENING"

The following program has been arranged for the "Kipling Evening" at St. Andrew's Sunday school rooms tonight, beginning at 8 o'clock:

Introduction..... Mr. G. F. Davies.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box; 25 cents.

LATEST INTERNATIONAL CATCH

The latest combination of American wealth and European title was the marriage of Miss Alice Thaw, an heiress of Pittsburgh, to the Earl of Yarnmouth reported in Bulletin cable dispatches of April 27. Alice Thaw is the daughter of Mrs. William Thaw, a wealthy widow who has long had social aspirations and at one time was herself reported to be scheduled to marry the Earl whom her daughter finally landed. The Thaws apparently belong to the newly-rich American class which aspires to aristocracy. A Washington correspondent tells a story of how the Thaws by lavish display endeavored to make headway in Washington society. A most expensive house was rented and all the glamor of wealth was used in the struggle to break in upon the official and diplomatic society of the capital. The struggle was of no avail. Now that Miss Thaw has married a British title it is supposed the Thaw's aspirations are satisfied and another poor Earl is put in funds.

PACIFIC CLUB SENDS ITS CONDOLENCES

The Pacific Club has taken appropriate action on the death of William Waterhouse Dimond and the following letter of condolence and set of resolutions have been sent to the bereaved family of the deceased:

The Governors of the Pacific Club beg to tender to the family and relatives of the late Mr. William Waterhouse Dimond their sincere condolences on the irreparable loss that has been sustained by the untimely decease of their late colleague and associate.

Mr. Dimond was greatly endeared to them by his unflinching civility of manner and geniality of disposition and, having been so intimately associated with him in social and business matters, they can keenly appreciate the loss that his immediate family has sustained in being thus bereft of husband and father and now beg to offer their heartfelt sympathies to the widow and children of the deceased.

The Board of Governors of the Pacific Club.

(Signed) GODFREY BROWN, JAS. GORDON SPENCER, J. M. DOWSETT, Committee.

Honolulu, April 27, 1933.

IN MEMORIAM.
 Whereas it has pleased Almighty Providence to take from this life our friend and associate, William Waterhouse Dimond, and whereas, this Association through his death has been deprived of its President and one of its founders; therefore be it resolved: That we, the members of the Merchant's Association of Honolulu, do hereby express our heartfelt sorrow and regret at the loss of so young and zealous a member of this organization. We shall always bear him in affectionate remembrance as a helper and worker who was ever ready to do his share in the promotion of all undertakings pertaining to the best interests of the business community, and as one eagerly anxious for the best welfare of the public at large.

Of his charity many quiet deeds are silent witnesses, and in his family circle he was a kind and loving father and husband.

In memory of our dear friend, we

desire this memorial to be entered on the records of our Association, and we desire that a copy be sent to his widow and family as an expression of our sincere sympathy in their bereavement.

(Signed) GEO. W. SMITH, Vice President, A. BARNES, Asst. Secretary, Honolulu, T. H., May 12, 1933.

Why is it that when a man is honest you rarely ever hear of him, but if he turns thief they sing it from the house-tops?

INCURABLE.

That is What the Books Say of Chronic Kidney Disease, But the New Fulton Compounds Have a Record of 87% of Recoveries Among Chronic Cases Incurable by All Other Medicines.

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Compounds. One of the recoveries was Dr. Zelle himself, the pioneer druggist of 822 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 18, 1930.)

"After a serious illness of over a year Judge J. R. Allen of this city has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the kidneys. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best methods used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'"

The editor of the News himself was the friend who told Judge Allen of the Fulton Compounds. They are the only thing known that cure kidney diseases after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles, Fulton's Remedy Compound for Bright's and Kidney Diseases, etc., \$1; for Diabetes, \$1.50. John J. Fulton Co., 409 Washington street, San Francisco, sole compounders. Free analyses for patients. Send for samples. We are the exclusive agents for these Compounds in this city.
